

ABDELAZIZ DARWESH

Web Developer | Cybersecurity Enthusiast | IT Support & Troubleshooting

Saudi Arabia, Riyadh | abdelaziz@null.net | +966 55 397 8651 | [LinkedIn](#)

PROFESSIONAL SUMMARY

Computer Science and IT graduate with hands-on experience in web development, cybersecurity, and technical support. Proficient in HTML, CSS, JavaScript, PHP, Python, and working with Linux environments and networking fundamentals. Knowledgeable in cybersecurity practices and digital forensics, with experience using tools like Wireshark and Kali Linux. Skilled in diagnosing and solving technical issues, building secure and responsive websites, and applying security best practices. Strong communicator with a proactive and analytical mindset, and a passion for continuous learning and innovation.

WORK EXPERIENCE

Cybersecurity Intern

Zadip Group, Riyadh, Saudi Arabia

June 2023 – August 2023

- Participated in monitoring and analyzing system security across internal networks and endpoints.
- Assisted in vulnerability assessments and implemented basic defense strategies to enhance system protection.
- Gained practical experience with firewalls, intrusion detection systems, and log analysis tools.

Security Researcher (Independent Disclosure)

TikTok Platform (HackerOne)

December 2022

- Discovered and responsibly reported a security vulnerability on the TikTok platform.
- Submitted detailed documentation and technical proof of concept to the responsible disclosure program.
- Demonstrated deep understanding of web application security and ethical hacking principles.

Freelance Web & App Developer

Remote / Self-Employed

January 2024 – Present

- Developed responsive websites and basic web applications using HTML, CSS, JavaScript, PHP, and Python.
- Built user authentication systems, contact forms, and integrated APIs for various client needs.
- Followed secure coding standards and provided ongoing technical support and updates to clients.

EDUCATION
